

September 25, 2009

Dear Colleague:

We are very pleased to announce the appointment of Dr. Barry Dunne as Publisher Relations Manager for CAS. Barry replaces Mrs. Eileen Shanbrom who has retired from full-time work at CAS after more than 40 years. As Eileen had done in the past, Barry will serve as the CAS liaison to STM organizations and will work to maintain the strong partnerships CAS shares with leading publishers in our shared mission to advance the dissemination of scientific information.

Barry is not new to CAS. Nearly 15 years ago, he joined our European marketing organization as a Regional Marketing Manager. In this role, Barry shared his expertise in best practices for scientific information management in major pharmaceutical, biotech, and chemical companies and in academia. He established SciFinder[®] as the leading scientific information research solution throughout his region and helped countless information professionals maximize the full capabilities of STN[®].

Barry earned his BSc and PhD degrees in Chemistry from the University of Bristol in the UK. He then completed a one-year research scholarship at RWTH Aachen in Germany. Following the PhD studies, he also worked for Bayer in Germany for six years before joining CAS. Barry resides in Yarm, England with his family.

Dr. Dunne will be representing CAS with publishers at the STM Frankfurt Conference as well as the Frankfurt Book Fair. He looks forward to the opportunity to meet you and your colleagues.

Sincerely,

Robert J. Massie
CAS, President

Dr. Matthew Toussant
CAS, Senior Vice President
Editorial Operations
